PROJECT MANAGEMENT, CONSULTING AND EDUCATION EMPHASIZING
ECOLLABORATION SOLUTIONS
FOCUS: IBM LOTUS DOMINO / LOTUS NOTES AND
IBM WEBSHERE PORTAL SERVER

Broad technical skills, vast experience, and the ability to transform this into highly efficient solutions: this makes a world of difference!

Thank you very much for your interest in my work, and welcome to my CV.

Whether you are looking for a „second opinion“, an experienced **technology consultant**, a dedicated **project manager**, a down-to-earth **solutions architect**, or a convincing technical **instructor**— I am only too happy to share 15 years of experience in eCollaboration solutions in both national and international projects with you.

Drop me an email, and we are in touch— I am looking forward to making a world of difference in your projects, too.

A selection of my recent projects

When

- March 2008 – May 2008

Project

- Designing functional requirements for enterprise portal solution infrastructure of a national IT services provider

Role

- Sub-project Manager

Technologies involved

- IBM WebSphere Portal Server
- Microsoft Office SharePoint Portal Server
- J2EE

When

- July 2007 – October 2007

Project

- Designing a wholesale portal for a large telecommunication provider

Role

- Sub-project Manager

Technologies involved

- IBM WebSphere Portal Server
- CoreMedia CMS
- J2EE

When

- February 2007 – July 2007

Project

- Designing a wholesale portal for a large telecommunication provider

Role

- Requirements & Quality Manager, Lead for functional design

Technologies involved

- IBM WebSphere Portal Server
- J2EE

When

- March 2006 – December 2006

Project

- Outsourcing of a world-wide Lotus Domino infrastructure: Managing the transition process for the future service provider

Role

- Global Transition Manager Messaging & Collaboration

Technologies involved

- Lotus Domino

When

- June 2005 – Feb. 2006

Project

- Planning and Implementing an IBM WebSphere EveryPlace Access Infrastructure for a national railway company in Switzerland (approx. 4.000 planned users)

Role

- Solutions Architect, Senior Engineer

Technologies involved

- IBM WebSphere Everyplace, IBM WebSphere Portal Server, Lotus Domino

[About me](#) | [Services](#) | [Online Schedule](#) | [Lotus Classes](#) | [Events](#) | [Q&A](#)

Use my online calendar to quickly find your preferred days for your education or project event with me. All information in here is without obligations. Appointments require acknowledgement in writing by me.

Is your preferred date no longer available, or on request? No problem - just drop me an email, and we will surely find a suitable date. Sometimes I may even be able to reschedule one of the dates already published here.

Select the month you want to check:
